

CORPORATE PRESENTATION

MIDIS GROUP

Midis Group

With more than 2500 professionals, 50 world leading IT brands & Suppliers, and 30 years of uninterrupted growth, the Midis Group is an International organization consisting of over 100 companies across the emerging markets of the Middle East, Europe and Africa.

The group is known for its advanced offering of ICT services, distribution, system integration, software and hardware products along with Data Center consultancy, infrastructure and standby power solutions.

Across borders and languages, the Midis Group affiliates operate as partners in focused profit centers. Backed by the Group's financial strength, they strive for the best in market effectiveness and customer satisfaction.

In 2006, the Midis Group was named one of the World Economic Forum initial 100 Global Growth Companies.

INTRODUCTION

The company's organizational structure and financial capability make it an ideal partner for both, leading companies who share MDS Computers's goal to expand the market it serves, and for clients who are actively seeking suppliers that offer proven expertise and highly focused commitment to their markets.

INTRODUCTION

The MDS UAE group of companies

As a leading system integrator, Midis Group has managed enormous number of projects that involves multiple principles under the MDS UAE group of companies.

MDS Computers has acquired the expertise needed to handle such projects with efficient and professional management of the project, the customer, and the different principles. MDS Computers takes full responsibility of such projects and drives them to success whatever the cost involved.

WHO WE ARE

IDENTITY

With head office in UAE (Abu Dhabi), MDS Computers is a company controlling a portfolio of autonomous businesses dedicated to the provision of information and communication technology products (ICT), site preparation, stand-by power systems and the related professional services.

For over 28 years, MDS Computers has distinguished itself by developing prosperous enterprises in many of the world's most challenging markets and demanding industries

MISSION

Be a high-integrity partner, providing world-class technology brands and solutions into emerging markets and focusing on customer satisfaction.

STRATEGY

- Financial responsibility and entrepreneurship
- Regional coverage and local presence
- Strong market development and support capabilities
- A dedicated family of focused companies
- Efficiency, experience, and expertise
- High quality IT services

VISION

The evolution of Midis Group and its affiliated companies reflects the value of its philosophy to share success with its customers, business partners and employees. The company is committed to world-class performance standards and to the improvement of our best practices, refined though our group's global experience.

MDS Computers looks forward to the future as a time of unprecedented challenge and opportunities. The company's pioneering entrepreneurship spirit will continue to develop its enterprise, actively participate in its customer's success as they face the great changes in today's information age and enrich its business partners as they explore the enormous potential of the UAE & Arab World.

SOLUTIONS

MDS Computers believes passionately that in order to deliver business value through IT, it is required to have a spirit of constant engagement.

All MDS projects go through intensive in house quality assurance protocols. Customer ratings of satisfaction on customized solutions, deployment, and meeting business objectives are mandatory for all our projects.

Below is an overview of the solutions and services we offer:
